Part/Level		Cycle	
Moderator		Owner	Ramiz

Engineer Data

Name	Defects ¹		Preparation Data			Est.
	Major	Minor	Size (LOC)	Time (min)	Rate	Yield
Drew Jordan	1	2	37	120		
Julian Solis	1	1	130	120		
Ramiz						
Totals:	2	3				

Defect Data

No.	Defect Description	Defects		Engineers (finding major defects)					
		Maj	Min					A	B
1	Person missing implementation of the Shopper Interface	1							
2	Student should not implement Shopper Interface	1							
3	Not following style (Lines 151-154)		1						
4	Some names of classes were too long when they could be simpler		2						

¹ Major defects either change the program source code or would ultimately cause a source code change if not fixed in time; all other defects are considered minor.

Totals		2	3						
Unique Defects									

Inspection Summary Product Size: _____ Size Measure: _____
 Total defects for A: _____ Total defects for B: _____ C (# common): _____
 Total Defects (AB/C): _____ Number Found (A+B-C): _____ Number Left: _____
 Meeting Time: 5 Total Inspection Hours: 5 Overall Rate: _____
